9 December 1969

**MEMORANDUM FOR THE RECORD**

**SUBJECT :** Variscan O/G Chroma Printer

**REFERENCE:** Memo for Record, NPIC/TSSG/RED-1884-69, dated 27 October 1969 -  
Same Subject

1. As the result of the above referenced memorandum and comments pertaining thereto, the operating components, IAS, IEG and PAG were all queried concerning their need for equipment and output material such as that produced by the Variscan Printer.

2. All replies (attached) were negative--that there was no requirement for this type of equipment at this time. It is recommended that investigation of this particular equipment and output material be dropped but that effort be continued in development of a suitable hard copy output--both in film and paper
